Welcome to the 2023 Australian DrillDance Championships in Penrith!

We are thrilled to host this prestigious event, where talented teams from all over the country will come together to showcase their skills and passion for DrillDance.

The DDNSW Board, Members, Teams, Clubs, and Organising Committee are excited to have this opportunity to showcase the incredible talent and skills that our members possess. We are proud of the dedication and hard work that has brought us all to this point, and we know that every team will bring their very best to the competition.

The championships will be a celebration of teamwork and community.

We look forward to seeing old friends, making new ones, and cheering on all of the amazing performances. We also want to thank everyone who has contributed to making this event possible, from the volunteers to the sponsors to the families who have supported the competitors throughout their journey.

Over the course of the weekend, we will witness fierce competition, breathtaking performances, and unforgettable moments that will inspire us. We cannot wait to see what the 2023 Australian DrillDance Championships brings, and to celebrate the hard work, talent, and dedication of all the participating teams as they find their "Time to Shine".

#ADDC2023

From the President

Welcome to all our members, families, and supporters!

On behalf of the DrillDance Australia Board we extend a warm welcome to the 2023 Australian DrillDance Championships in Penrith.

Congratulations to the organising committee for hosting this fantastic event. Events like this only happen with the dedication and support of volunteers that give their time freely as recorders, marshals, judges, event volunteers and the many hours contributed by the organising committee. Thank you too – every one of you, your contribution has not gone unnoticed.

I would also like to take this opportunity to thank the DrillDance Australia Board members for their unwavering commitment and willingness to help lead our sport into a new and exciting phase, exploring new initiatives and ways to improve our member experiences and grow DrillDance in Australia. We are excited about our future and cannot wait to share this with you.

Our teams have had a short off-season to bring us back to the original April dates for the Australian Championships. Thank you to the supporters in our home states for the many fundraisers that it has taken to get your teams here today. The resilience and ability to handle any obstacles placed in your way has enabled us to bounce back quickly and the theme of this year's event is fitting, with this truly being your 'Time to Shine'!

In these Championships, awards will come to a few, but every team that participates is a winner – they will shine in their own way and should be celebrated in that manner. I ask that you all get behind every performance and celebrate the hard work and resilience that each team has shown to make it to these Championships.

Show your appreciation and respect with loud applause and beaming smiles. Take the opportunity to be in the moment and enjoy the performances our teams have prepared for you. Catch up with your DrillDance family and friends and enjoy the best of the best that DrillDance Australia has to offer in 2023!

Pat Hooper
President
DrillDance Australia

Routine Descriptions

Basic Drill

The Basic Drill Routine for Junior teams is an introduction to standard drills. The Basic Drill is made up of compulsory movements to be performed in sequence.

Technical Drill

The Technical Drill Routine is the medium used by DrillDance teams to display marching drills, movements and formations within specified rules. The routine should demonstrate the spectacle of good team work, discipline, accuracy of drill standards as well as the dignity and deportment of traditional marching.

Exhibition Drill

The Exhibition Drill Routine is the medium used by DrillDance teams to add their own choreography to a traditional marching routine. This routine includes set compulsories and a combination of intricate formations, clever team work and the overall impression of precision. Teams choose their own music and create the routine to highlight both music and costuming.

Thematic & Rhythmic Drill

The Thematic and Rhythmic Drill routines provide the opportunity for teams to be creative still within the realm of a drill type performance by adding a theme that suits the characteristics of the music, costume and choreography.

Prop DrillDance

Prop DrillDance is the medium for teams to be creative within the realm of a drill / dance / rhythmic type routine with the emphasis being on the skillful use of props and precision in movement, performed to music of the team's choice.

Thematic Dance

DrillDance comes alive as teams dazzle you with routines using their favourite music or theme. Members become R&B dancers, rock'n'rollers and story characters as they perform entertaining movements to great music. The Thematic Dance Routine is a performance where teams choose their own interpretation of a story, theme, dance or pantomime.
