4:30-6	CELEBRATION PARTY!

Welcome to Launceston for the 2024 Australian DrillDance Championships!

C E L
E B R
A T E

We are excited to welcome all members, supporters, officials and volunteers to the 2024 Australian DrillDance Championships being held in Launceston. The last time such an event was held in this city was in 1980 with the venue being York Park Oval. After such a long time it is wonderful to be able to stage this event, being held once again in Tasmania's second largest city.

The Australian Championships are the pinnacle of our DrillDance season and we know the hard work that teams have undertaken to showcase our sport and their individual achievements in their very best light. We wish all teams success in terms of reaching their goals and trust that the event leaves you all with great memories of your time in Tasmania.

The Australian Championships Committee has worked tirelessly to bring you a thoroughly enjoyable event in every way.

We have been supported by the DrillDance Tasmania Board, our teams and our very generous sponsors. If you require any information or help with anything over the course of the Championships, please approach any one of our volunteers and they will be able to help.

The theme of this event is 'celebrate' and we hope you take time to do so over the next few days. Celebrate your achievements, the friendships you have made and the ones you will renew, the sport you love and the pure joy of teamwork. We hope you will celebrate with us at the conclusion of the Championships on Sunday as you have a chance to catch up with your interstate friends.

Let's celebrate!

*DrillDance Tasmania
Australian Championships
2024 Organising Committee*

The 2024 Australian DrillDance Championships is supported by the Tasmanian Government through Events Tasmania.

#discovertasmania

From the President

It is with immense pleasure and pride that I welcome you all to the vibrant and spirited gathering of the DrillDance Australian Championships, here in the picturesque city of Launceston, Tasmania.

I extend my heartfelt gratitude to the dedicated members of the organising committee whose tireless efforts have made this event a reality. Their commitment, attention to detail, and unwavering passion for DrillDance have ensured that this championship stands as a beacon of excellence in our sporting calendar.

To our esteemed competitors, I salute you. Your dedication, perseverance, and countless hours of practice have culminated in the magnificent routines we are privileged to witness over the next two days. Each step, each movement, is a testament to your unwavering commitment to the sport you love. As you take to the floor, remember that you are not only showcasing your talent but also embodying the spirit of camaraderie and sportsmanship that defines our community.

As we embark on this exhilarating journey of competition, let us not forget the true essence of sportsmanship.

Let us embrace our values of teamwork, respect, excellence, inclusion, and integrity, knowing that our greatest victories are not measured by medals alone but by the friendships we forge and the bonds we strengthen along the way.

To our cherished members and supporters, your unwavering enthusiasm and dedication are the lifeblood of our organisation. It is your passion that fuels our collective vision and propels us toward greater heights of achievement.

Amidst the excitement and anticipation, let us take a moment to reflect on the journey that has brought us together. Let us celebrate the diversity of talent, the spirit of competition, and the unbreakable bonds that unite us as one DrillDance family.

I extend my warmest wishes to each one of you – a celebration of excellence, a testament to the human spirit, and a reminder of the incredible things we can achieve when we come together in pursuit of a common goal.

Pat Hooper

Our Routines

Technical Drill

The Technical Drill Routine is the medium used by DrillDance teams to display marching drills, movements and formations within specified rules. The routine should demonstrate the spectacle of good team work, discipline, accuracy of drill standards as well as the dignity and deportment of traditional marching.

Exhibition Drill

The Exhibition Drill Routine is the medium used by DrillDance teams to add their own choreography to a traditional marching routine. This routine includes set compulsories and a combination of intricate formations, clever team work and the overall impression of precision.

Thematic Drill

The Thematic Drill routine provides the opportunity for Intermediate and Senior teams to be creative whilst still within the realm of a drill type performance. Teams use a combination of marching skills (which may be in theme), and may add thematic movements, music, costume and choreography to the routine in keeping with the characteristics of the chosen theme being portrayed.

Rhythmic Drill

The Rhythmic Drill provides an opportunity for Master and Junior teams to be creative still within the realm of a drill type performance. The emphasis of this routine should be on Marching skills. Teams may show versatility using rhythmic movements, a variety of patterns (formations), movements, steps and drills.

Prop DrillDance

Prop DrillDance is the medium for teams to be creative within the realm of a drill / dance / rhythmic type routine with the emphasis being on the skillful use of props and precision in movement, performed to music of the team's choice.

Thematic Dance

DrillDance comes alive as teams dazzle you with routines using their favourite music or theme. Members become R&B dancers, rock'n'rollers and story characters as they perform entertaining movements to great music. The Thematic Dance Routine is a performance where teams choose their own interpretation of a story, theme, dance or pantomime.
