Welcome to the 2025 Australian DrillDance Championships in Werribee, Victoria

We are thrilled to once again host this outstanding event.

The Australian DrillDance Championships remain a pinnacle of our DrillDance season, where teams throughout Australia are provided the opportunity to come together to demonstrate their skills and passion for all things DrillDance.

The DDV Board, Members, Clubs, Teams and our incredible Organising Committee welcome you all to Victoria. We are excited to see how your talent and hard work translates to incredible performances of skill and creativity.

We trust that throughout the weekend you will witness breathtaking performances, of colour, pageantry and memorable moments that will inspire you as our teams "Reach High" to bring to you their very best, as they strive to achieve their desired goals for these Championships.

The competition will no doubt be fierce, but let us not forget that these Championships are equally a celebration of teamwork, dedication and unbreakable bonds of friendship that have been carved out over many years. Our Organising Committee has left no stone unturned to create an environment that is conducive to spectacular performances, so let's use these Championships to join together once more and show your support and encouragement by cheering on all competitors as they "Reach High".

Finally, we would like to thank everyone who has contributed to making these Championships possible. To our volunteers, sponsors and to the families and friends who have supported the competitors throughout their journey up until now, we recognise your support and extend our heartfelt gratitude for your tireless efforts in making these Championships a reality.

DrillDance Victoria

#ADDC2025

Welcome from DrillDance Australia!

The Board of DrillDance Australia extend a warm welcome to all competitors, coaches, officials, and spectators attending the 2025 DrillDance Australia Championships in Werribee, Victoria.

This event is a celebration of skill, teamwork, and the incredible dedication of our DrillDance community. Under this year's theme, "Reach High" we encourage every competitor to take the floor with confidence, knowing that success is measured not only in results but in effort, passion, and personal achievement.

To our supporters, your encouragement and applause make all the difference, so cheer loudly and celebrate every performance!

We also extend our congratulations to the Organising Committee from DrillDance Victoria for their dedication and hard work in bringing this championship to life. Events of this scale would not be possible without the commitment of volunteers, and we sincerely thank each and every volunteer who has contributed their time and effort to making this event a success.

We wish all teams the very best and hope you enjoy a spectacular and memorable championship.

*Chris, Megan, Pat,
Belinda and Kari*

Our Routines

Technical Drill

The Technical Drill Routine is the medium used by DrillDance teams to display marching drills, movements and formations within specified rules. The routine should demonstrate the spectacle of good team work, discipline, accuracy of drill standards as well as the dignity and deportment of traditional marching.

Exhibition Drill

The Exhibition Drill Routine is the medium used by DrillDance teams to add their own choreography to a traditional marching routine. This routine includes set compulsories and a combination of intricate formations, clever team work and the overall impression of precision.

Thematic Drill

The Thematic Drill routine provides the opportunity for Intermediate and Senior teams to be creative whilst still within the realm of a drill type performance. Teams use a combination of marching skills (which may be in theme), and may add thematic movements, music, costume and choreography to the routine in keeping with the characteristics of the chosen theme being portrayed.

Rhythmic Drill

The Rhythmic Drill provides an opportunity for Master and Junior teams to be creative still within the realm of a drill type performance. The emphasis of this routine should be on Marching skills. Teams may show versatility using rhythmic movements, a variety of patterns (formations), movements, steps and drills.

Prop DrillDance

Prop DrillDance is the medium for teams to be creative within the realm of a drill / dance / rhythmic type routine with the emphasis being on the skillful use of props and precision in movement, performed to music of the team's choice.

Thematic Dance

DrillDance comes alive as teams dazzle you with routines using their favourite music or theme. Members become R&B dancers, rock'n'rollers and story characters as they perform entertaining movements to great music. The Thematic Dance Routine is a performance where teams choose their own interpretation of a story, theme, dance or pantomime.
